

## expansion is on its way.

We are expanding our facilities over the winter period in South Africa and we intend to be fully operational by including the new facilities in December 2013 Dear Guests,

We had the best season ever over the period 2012/13 and this encourages us to make the next step. Not only did our son Stefan joined our ranks, we also expect our daughter Tessa to come as well as of February 2014 as then she also will have finished the study for hotel management and business economics.

Running as a family driven Hotel/Guesthouse we all love our business and we think we are on the right path with the right strategy and reaching the right clients

We are expanding our facilities with 4 self-catering units in our "cottages in the orchard". The units have a very spacious bedroom with en-suite Bathroom and a kitchen and dining area as well as a nice terrace outside. Of course there is air-conditioning, ample parking and good Wi-Fi internet uncapped and high speed.

We have chosen the option to offer without breakfast as we think many of our guests will prefer to take the cottages for a longer period and be self providing, however we always offer breakfast in our restaurant.

Then we are changing our office situation as it becomes to small. We are building a new one at the entrance gate as well as 6 more luxury rooms with en-suite bathroom and also a nice terrace each.

The need for these rooms was to cater for the many wedding guests who seek 1 or 2 nights and we now can offer precisely what they want.

As of Oktober we will have our restaurant also up and running and of course we will continue with our bestseller "the African Braai" around the fire. Our guests love this feature and we will again offer the farm-tour and wine tasting in advance of the braai-evening, complementing the complete picture and experience.

We also would like to bring to every-bodies attention the great savings which can be made to book early, as the rand is in your vavour with a 30% depreciation over the last year. Your stay with us will be at least 20% cheaper than before.

Kind regards,

Daan en Yvonne.
